District of Idaho Mission Statement

The District's Mission Statement was completed in February 2012 and represents a commitment by this District to excellence in the field of probation and pretrial services. The Mission Statement establishes four primary goals of the operations and administration of this District's personnel:

- The fair administration of justice.
- Increasing the safety of our communities.
- Developing ourselves and our organization.
- The responsible guidance of those under our authority and responsibility.

In September 2013, the District's Strategic Plan was created to identify, communicate, and pursue strategies designed to fulfill each of the goals outlined in the Mission Statement. The complete plan can be found at the link on the left side navigation of this page.
